Welcome to the South Tynedale Railway...

Trains leave from Alston's restored Victorian station for a leisurely ride through the beautiful South Tyne Valley to our Northumberland terminus at Lintley Halt. Trains are hauled by steam and diesel engines from Britain and abroad taking about an hour and a quarter for a round trip. You could break your journey at Kirkhaugh where it's an easy walk to riverside picnic sites. Or, for the more adventurous, tackle the path to hilltop Epiacum Roman Fort, now called Whitley Castle. At Lintley, where there is a car park, you could stroll a mile along the old railway line. We plan to start extending the railway and improving the path to Slaggyford during 2013 so you may find work going on here.

At Alston station you will find a cafe, free car and coach parking, gift shop and toilets and it's all only five minutes walk from the picturesque cobbled streets of the town centre.

Next door to Alston station you can enjoy a visit to The Hub to see transport memorabilia displayed in the old railway goods shed. A few miles south of Alston in the North Pennines Area of Outstanding Natural Beauty you can explore the mining history of the region at Killhope Lead Mining Museum.

The halt on the county boundary at Gilderdale (for Whitley Castle) is temporarily closed.

Lunch at The Kirkstyle

At Lintley you are within comfortable walking distance of probably the best pub in the valley; The Kirkstyle Inn. Check it out at TripAdvisor and www.kirkstyleinn.co.uk.

If you get there for lunch there is usually transport to get you back for your return train. The inn is closed on Mondays.

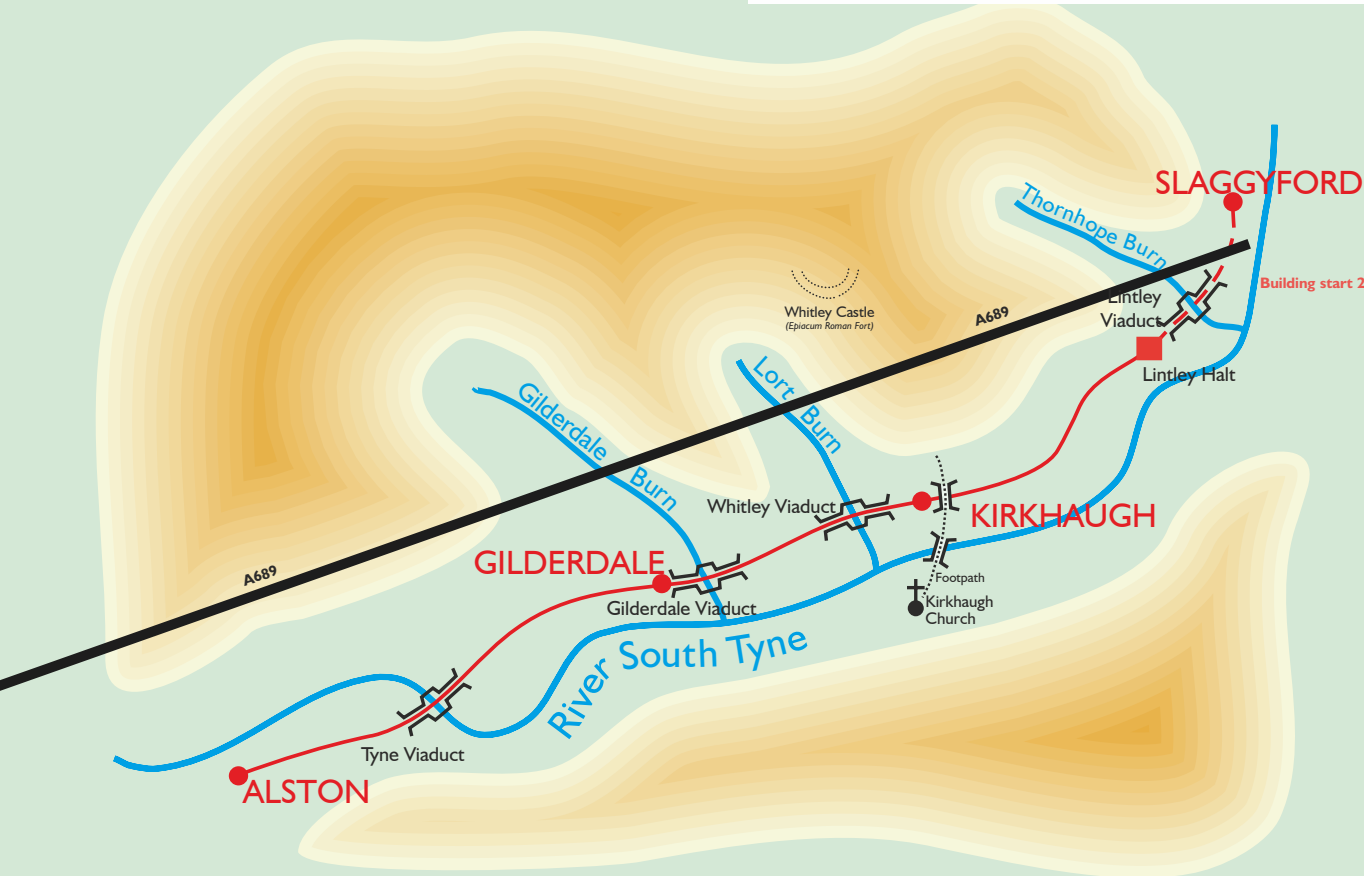

Directions from Lintley: turn right onto the main road and continue to Slaggyford green. Turn left to the old station then right along the trackbed for a mile. 200 yards after Burnstone Viaduct turn left on the road and left again after going under the viaduct. The Inn is on the right after St Jude's - 'hey presto' you've arrived.
